## **Chesterfield TMS**

112 Chesterfield Commons Rd. E Chesterfield, MO 63005 Phone: 636-532-0705

#### Dear Client:

Thank you for choosing Chesterfield TMS to be your TMS therapy provider. When you choose our service, you become part of a vibrant and supportive team of professionals that exists for the sole purpose of preparing you for a life of joy. You will never be "just another patient" – from the moment you walk through our door until long after you have completed the treatment phase.

Unfortunately, **most insurance networks require a prior authorization** before you begin therapy. So, to help protect each of our patients, **we ensure appropriate authorization** from your insurance is obtained before you begin treatment.

We have designed our TMS Registration Form based on the information that will be required on your insurance's prior authorization form. So, while we understand no one enjoys filling out these types of forms, we ask that you please be as thorough as possible. If you cannot remember specific dates, especially where previous medications are concerned, then just list an approximate date, including month and year.

#### Most insurances will require the following:

- A diagnosis of depression (moderate to severe)
- A minimum of 2-4 antidepressant trials
- A history of psychotherapy (therapist, counselor, group therapy, outpatient therapy, extended visits with psychiatrist, or psychologist)
- PHQ-9 (depression screening) score > or = 18

We thank you for taking the time to complete our TMS Registration and look forward to helping you to achieve long-term relief from your depression.

Pre-Authorization Criteria Acknowledgement

#### FOR TMS THERAPY INSURANCE AUTHORIZATION:

For insurance pre-authorization, insurance companies typically require the following, which is the minimum requirements for pre-authorization to be submitted:

- A confirmed diagnosis of Major Depressive Disorder or Treatment Resistant Depression, Obsessive Compulsive Disorder (OCD), or Bipolar Depression (BD)
- Prior trials of antidepressant medications with little or no benefit from symptoms OR medication discontinuation due to side effects (each insurance requires a specific number of antidepressant trials – for example, Medicare requires a minimum of two (2) antidepressants with little or no benefit or inability to continue medication due to side effects, other insurances require a history of 3-4 antidepressants during the current episode.
- No history of seizures
- A history of psychotherapy with little or no benefit (physician, therapist, counselor, outpatient mental health visit, etc.)
- No TMS Therapy contraindications
- Insurance requires a medical record documentation of all of the above, including other qualifying information, in order to obtain prior authorization for TMS therapy services. Chesterfield TMS will request your medical records from your health care providers in order to have this information on file for pre-authorization.

We will submit a prior authorization to your insurance upon receipt of all required documentation from you and your current or previous health care providers.

Do you provide permission for Chesterfield TMS to submit a prior authorization request to your insurance provider for TMS therapy (transcranial magnetic stimulation) services and/or for services to be provided to you by one of our physicians or healthcare providers. Please choose:  $\square$  Yes  $\square$  No

I have read or have been made aware of the following:

- HIPPA Notice and Patient Privacy Acts
- TMS Therapy Contraindications
- TMS Therapy Hearing Protection Waiver
- Indications for and any side effects of TMS Therapy, including an explanation of TMS Therapy for the treatment of major depression or other diagnosis that I may be receiving TMS Therapy for.
- I have had all of my questions and/or concerns answered

I also understand that TMS therapy treatment sessions emit a loud ticking noise, similar to that of a magnetic resonance imaging (MR). There have been no reported history of hearing loss; however, ear plugs are available and recommended to wear during each treatment session. I understand I may elect to decline wearing the ear plugs. I also agree to hold [Insert Clinic Name] and each of its employees and physicians harmless from any liability related to any hearing problems during or after my treatment regardless of whether I elect to where or decline to wear earplugs (i.e. hard of hearing, hearing loss, or any other hearing-related program.)
